INDEPENDENT AUDITOR'S REVIEW REPORT

To the shareholders
Taajeer Finance Lease Company
(a Saudi Closed Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Taajeer Finance Lease Company (a Saudi Closed Joint Stock Company) (the "Company") as at 30 June 2021, the related interim condensed statement of comprehensive income for the three-month and six-month periods then ended, the interim condensed statements of changes in shareholders' equity and cash flows for the six-month periods then ended and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed financial statements in accordance with IAS 34 "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' as endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of the persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (ISAs) as endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

2 BASIS OF PREPARATION

The interim condensed financial statements of the Company for the six-month period ended 30 June 2021 have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued) FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2021

3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's interim condensed financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The outbreak of novel coronavirus ("COVID -19") since early 2020, its spread across mainland China and then globally caused disruptions to businesses and economic activity globally including the Kingdom of Saudi Arabia and the declaration of this pandemic by the World Health Organization necessitated the Company's management to revisit its significant judgments in applying the Company's accounting policies and the methods of computation and the key sources of estimation applied to the annual financial statements for the year ended December 31, 2020. The Company's management, during the year ended December 31, 2020, carried out an impact assessment on the overall Company's operations and business aspects including factors like supply chain, travel restrictions, oil prices, product demand, etc. and made certain changes to the expected credit loss model which has been updated during 2020. However, in view of the current uncertainty, given that the local as well as international health and government authorities continue to advise caution and future lockdowns have not been ruled out in entirety, it is challenging now to predict the full extent and duration of its business and economic impact. Therefore, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods. As the situation is rapidly evolving with future uncert ainties, management will continue to assess the impact based on prospective developments.

In preparing these interim condensed financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that were applied to the annual financial statements as of and for the year ended 31 December 2020.

4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and methods of computation adopted in the preparation of the interim condensed financial statements for the period ended 30 June 2021 are consistent with those followed in the preparation of the Company's financial statements for the year ended 31 December 2020, except for the following changes.

Adoption of new standards, interpretations, amendments and revisions to existing standards

- Amendments to IAS 1 Classification of Liabilities as Current or Non-current.
- Amendments to IFRS 16 Leases for COVID-19 rent related concessions.
- Amendments to IFRS 3 Reference to Conceptual Framework.
- Amendments to IAS 16 Property, Plant and Equipment: Proceeds before Intended Use.
- Amendments to IAS 37 Onerous contracts: Cost of Fulfilling a contract.
- Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform Phase 2.

The adoption of these amendments did not have an impact on the Company's interim condensed financial statements.

During 2020, Saudi Central Bank (SAMA) issued rules governing credit risk exposure classification and provisioning. These rules set out the minimum requirements on credit risk exposure classification and provisioning. These rules shall be applicable to all finance companies licensed pursuant to finance companies control law with effect from January 1, 2022. The management is in the process of assessing the potential financial impact of these rules on the financial statements of the Company in future periods.

5.5 Securitized receivables

The Company has entered into purchase and service agreements (the 'Agreements') with local banks in respect of securitization of certain finance leases (the 'receivables').

Under the terms of the purchase and service agreements, the Company first sells the eligible receivables to banks and then manages them on behalf of the banks as an agent for a monthly fee as per the terms of the Agreements.

During the six-months period ended 30 June 2021, the Company sold SR 83.79 million (30 June 2020: SR 23.1 million) of its net receivables and the total amount received from the banks in respect of such sale was SR 113.42 million (30 June 2020: SR 30.4 million). Upon sale, the Company derecognises the receivables from its books and recognises the difference as either gain or loss on derecognition of receivables.

The following are the significant terms of the Agreement:

a) The agreements are supported by a "cash flow statement" which stipulates the principal amount and the monthly receivables falling due. Under the terms of the agreements, the Company, in the capacity of an agent, settles to the bank a monthly amount based on the cash flow statement. The amount of the next month's repayment is recognized as a liability and included in 'payable under purchase and agency agreement' (see note 6).

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED) (continued) FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2021

5 NET INVESTMENT IN FINANCE LEASE (continued)

5.5 Securitized receivables (continued)

b) A reserve is maintained, which is to be distributed at the end of the term of the agreement after deducting the actual defaults and discounts due to premature terminations. The balance in the reserve account after deducting the actual defaults and discounts shall be retained by the Company as deferred consideration on sale of receivables. Any shortfall in the reserve account is to be borne by the Bank.

During the six-months period ended 30 June 2021, the Company recognized a net gain amounting to SR 23.5 million (30 June 2020: SR 5.1 million) on derecognition of receivables sold to the banks under the Agreement.

The present value of deferred consideration receivable is calculated by deducting the present value of expected defaults and discounts to be incurred over the life of the agreement from the present value of reserve amount to be received per the cash flow statement. This represents the net deferred consideration receivable by the Company under the Agreements calculated as follows:

	30 June	<i>31 December</i>
	2021	2020
	SR	SR
Present value of deferred consideration receivable	48,541,828	39,591,683
Less: allowance for expected defaults	(10,361,389)	(9,221,991)
Net deferred consideration receivable	38,180,439	30,369,692

The Company's net servicing assets and related liabilities are calculated separately for each agreement by calculating the present value of servicing assets, as per the terms of the agreement and by estimating the present value of servicing liability and related provisions. The net amount is classified as a net servicing asset or a net servicing liability on the statement of financial position. This has been presented as follows:

	30 June	31 December
	2021	2020
	SR	SR
Present value of servicing asset	19,807,158	14,789,769
Less: Present value of servicing liability	(37,479,409)	(33,468,785)
Net servicing liability	(17,672,251)	(18,679,016)

The present value of net deferred consideration receivable and the present value of net servicing liability is calculated by using a discount rate ranging from 4.84% to 7.58% (2020: 4.84% to 7.58%).
